

GREGORY S. FLOYD, P.E.

1 Houston Center
1221 McKinney, Suite 3700
Houston, Texas 77010

Huddleston & Co., Inc.
Vice President

1985 - Present

EDUCATION

Graduated from Texas A&M University in May 1986 with a Bachelor of Science degree in Petroleum Engineering.

PREVIOUS EMPLOYMENT

Employment by Reliant Drilling during summer of 1984 consisted of roughneck duties in South Texas.

HUDDLESTON & CO., INC.

Employed by Huddleston & Co., Inc., as an engineer-in-training during the summer of 1985 and as a reservoir engineer from 1986 to present. Duties primarily include the preparation of reservoir and economic analyses for oil and gas properties. Various projects have been performed in virtually all the producing basins within the U.S. (including Alaska) as well as internationally in Canada, China, Colombia, Gabon, Guinea Bissau, Kenya, Morocco, Russia, Senegal, Tunisia, and the United Arab Emirates. These evaluations have been used for Securities and Exchange Commission disclosure requirements, property acquisitions and divestitures, investment decision analysis, budgeting, financing, bankruptcy proceedings, litigation support, and other oil and gas reserve reporting requirements of public and private entities.

PAPERS AND PRESENTATIONS TO PROFESSIONAL ORGANIZATIONS

Part of a two-engineer team that prepared a custom database designed to expedite the evaluation of drilling prospects in the Laredo Lobo Trend of Webb and Zapata Counties, Texas. This database was part of the technical report presented to several financial institutions. Also prepared lecture material on the effects of promotion and dilution on rate of return and return on investment which was used at Texas A&M University for senior petroleum engineering class. Prepared a report on state oil and gas production taxes which was published in *The Journal of Technical Valuation* (March 1990).
